

## SELECT STUDENTS FOR BOARD DUTY

Harold Heimbeck, Robley Clarke and Edward Taber Are Placed on Athletic Control Body.

### MAGAZINE CAMPAIGN STARTED

Entire Membership of Rock Island High School Enters Into Plan to Aid Watch Tower.

The annual election of three student members to the athletic board of control was held last night at the Rock Island high school by members of the athletic association. The three members elected were: Harold Heimbeck, Robley Clarke and Edward Taber. The faculty members of the board are O. F. Achtenhagen, Edward M. Starr and A. C. Hill. The faculty members are appointed by Principal A. J. Burton. The board has charge of the buying of suits, shoes and sweaters for the athletic men, as well as attending to the financing of the trips made by other football teams to this city.

### Campaign Started.

The Watch Tower magazine campaign was started yesterday morning by a committee composed of Louis Wilson, Elizabeth Swisher, Willard Schaeffer, Harry Lyford and George Adams. Each member of the committee selected three session rooms, and at 9 o'clock obtained the signatures of all the students who wished to bring paper and magazines to assist in the campaign. With very few exceptions the entire student body willingly signed the petitions for paper. In addition to securing the signatures, bulletins were posted announcing the campaign and the list of prizes to be given.

## SARGOL THE FLESH BUILDER

Used successfully for eight years by thin men and women who want to put on flesh and increase weight. Eat with your meals. Pleasant, harmless and inexpensive. Sold in Rock Island by the Harper House Pharmacy, J. J. Foley, and leading druggists everywhere.

paper will be given a box of candy; while the boy contributing the largest amount will receive a subscription to the school paper. Mr. Wilson has also stated that in case money received from the sale of the paper exceeds the amount of the debt that the Watch Tower will entertain the class contributing the most magazines with a theatre party.

## DAVENPORT MACHINE WILL MAKE FLIGHTS

Unheralded and unsung, Davenport's latest manufacturing product, a hydro-aeroplane, made its debut Sunday. Taking it out for a trial spin on the river Aviator Hurch and Billie Cooke, designer and builder, found everything working so smoothly that the aviator tilted the elevating plane and the big air boat slid up into the atmosphere.

The entire machine was designed and constructed in Davenport under auspices of the Davenport Aviation school. It has put the school to considerable expense, but it has been able to accomplish the matter with its own funds and without solicitation of funds or subscriptions of stock from outsiders.

Now that the machine is completed and its ability to fly has been demonstrated there is some talk of a day of exhibition flights to be made some day late this week. Business men will be asked to subscribe funds for the expenses incurred in making this exhibition. Thursday of this week has been suggested as a good day for such an exhibition but no definite date has been set up to the present time. Such an exhibition would undoubtedly attract a large number of persons from the surrounding country. An all day program of entertainment would be furnished by the aviation school.

## INTEREST AROUSED IN WILSON'S CLUB

Considerable interest is being taken in the formation of the Rock Island County Wilson club at a mass meeting of voters called for Friday evening at 8 o'clock at the Rock Island house. Plans for the organization are in the hands of a committee composed of R. W. Rank, T. B. Reidy and John Coburn. The county central committee will also meet at the same time. All who are interested in the reelection of President Wilson are urged to attend.

### Error in Shooting Story.

In the police account of the shooting of C. W. Krueger by Carl T. Rahn it was stated that Miss Clara Shean, 1800 First street, was a sister of Rahn. The family desires a correction made to the effect that Mrs. D. J. Shean is a sister of Rahn, Miss Shean being a daughter of D. J. Shean by a former marriage.

## GRANTS KRUEGER LICENSE FOR BAR

Permit for "Three Oaks" Saloon, in Which Place He Was Shot, Transferred to Wounded Man.

### HIS CONDITION IS UNCHANGED

Report From Hospital Is That He Gains Consciousness Only for Short Periods.

Saloon license for the "Three Oaks" bar, 401 Fourth avenue, in which place Charles W. ("Tommy") Krueger was shot by Carl T. Rahn Friday night, was transferred to Mr. Krueger by the municipal commission yesterday.

The saloon was formerly owned by C. C. Kroeger, but a week ago it was purchased from him by Mr. Krueger. Although the latter's condition was unchanged today, and his chances for recovery are still considered very slight, it was stated by commissioners that in the event of the death of Mr. Krueger the license would revert to his estate. As a saloon license at present in Rock Island is worth much more than the sum paid to the city by the applicant because possession gives opportunity of renewal, from a financial standpoint, the commission was pledged to transfer the permit to Krueger.

Mr. Krueger has not gained consciousness for any lengthy period. At times he will talk rationally but these periods are followed by a relapse and he becomes semi-conscious again.

### Meet Tomorrow.

To Commissioner Murrin was referred a petition for a rebate for water rent from Mrs. Elizabeth Coyne, 423 Nineteenth street. The commission adjourned to meet at 1:30 o'clock tomorrow afternoon, at which time action will be taken on leasing Island City park and on the bids for installing a pump at the foot of Fifth avenue.

## ADD MAIL CAR OVER ROCK ISLAND LINES

A new mail car, to be run daily except Sunday between Rock Island and Cedar Rapids over the Rock Island lines, was placed in commission today. Increase in volume of mail handled between these two terminals and intermediate points necessitated the additional service. At present a mail pouch service is used. Mail deposits for the train will be locked out of the Rock Island postoffice at 3 o'clock in the afternoon. Rock Island will be terminal point for clerks who work the mail on the car.

## People's Pulpit

Rock Island, Ill., Sept. 26.—Editor The Argus: Noticing your account of an accident on the Milan bridge last night and being the party in question who was driving the automobile, I wish to correct you.

My wife and I had been on a visit and were coming home. As I approached the south end of the bridge south of the power house I saw a vehicle going on to the bridge and sounded my horn as I was about to pass. This vehicle was traveling on the west side of the bridge and going north. My lights were burning bright. I passed on the right side about the middle of the first span. I also met two vehicles going north about the middle of the north span of the south bridge and after we had passed the power house and were half way across the bridge north of the power house I heard a noise and in looking back saw a runaway team of horses about to run into us and turned to the right as they brushed the side of the car. In doing so I crashed into the side rail of the bridge, the wheels going through and down, and there I remained for 30 minutes and until I was helped back on the bridge. I was going at this time and my engine stopped, and this possibly saved us from going into the river.

All of these vehicles were without lights, which is against the state law, and the team going north was on the wrong side of the bridge. I was not within ten feet of the accident. It occurred and I am in no way responsible. From an eyewitness who was standing opposite the collision I am informed the vehicle going north was wholly to blame.

Respectfully,  
J. W. COOPER.

## HE SAYS WAR WILL LAST ANOTHER YEAR

San Francisco, Cal., Sept. 26.—That the war in Europe will last at least another year was the opinion expressed here yesterday by Brig. Gen. U. C. N. Sellheim, who has been with the Austrian forces in Europe and who is on his way to Australia to take over the organization and equipment of new troops.

"The outstanding feature of the whole terrible business," he said, "has been the magnificent courage and patriotic spirit of the 20th century."

## FAMOUS COMEDIAN BURIED IN POVERTY

Chicago, Sept. 26.—Charles B. Hawkins, a famous comedian of the civil war days, was buried here yesterday without a mourner.

The veteran actor was found dying a week ago in a cheap rooming house in which he lived alone and practically in poverty. No one knew where he was born, nor if he had any relatives. Hawkins, at the height of his fame, was comedian in "Tennessee's Partner." He was about 75 years old.

## CHEMISTS OF LAND GATHER IN MEETING

New York, Sept. 26.—Nearly every phase of the chemical industry and most of the leading chemical concerns of the United States are represented in the exposition of chemical industries which opened here yesterday with the annual conventions of the American Chemical society, American electrochemical society and the technical section of the paper and pulp association. Today was devoted to the opening of the exposition and displays of moving pictures illustrating technical subjects.

Dr. Thomas H. Norton, agent of the department of commerce, who is attending the meetings, said he believed the United States, within the next six months, will be producing enough dyes to meet a normal demand.

WILLIAM MCCONOCHE, Mayor.

Passed: Sept. 18, 1916.

Attest: M. T. Rudgren, City Clerk.

## "Good for You!"

"I Say, Joe, that was some clout you hammered out. These 'homers' are the ones that count. That one of yours will sure 'sew up' this game. It keeps me toned up and makes me healthy and strong.

"You fellows should drink

**Blatz**

The best beer brewed"

George Stovall, for four years manager in the big leagues, in an editorial in the Kansas City Star, says: "And here's another thing that may sound odd, but it's true just the same, and every old ball player will tell you so: a glass or two of beer after a game does not hurt any ball player—on the contrary, I believe it is a good thing. The player has expended a lot of energy; is hot through and through and a glass of beer will do him good. I've done that all my life, and nine out of every ten ball players who have played the game for ten or twelve years have done the same thing and will tell you so."
